THE GOLF COURSE

The championship course meets all requirements to be distinguished as a modern complex of European and world standards. The course was designed by Australian architect Graham Marsh who has constructed more than 80 courses all over the world. As part of the premises you will find three big lakes with six holes designed in their proximity. There are a number of typical ragged sand bunkers, wavy fairways and multi-leveled greens. You have to judge the wind very carefully and play the course accordingly throughout the year.

The course spreads out on 140 hectares of land. It is one of the longest courses in the Czech Republic. The total length from the white tees is 6.656 meters. Mainly the 11th (par 5, 600 m) and the 17th (par 3, 205 m over the lake) present a true skill and endurance test. The "signature hole" is the 13th (par 3, 148 m) on the bank of the lake with a 130-meter long bunker.

From all holes there is a beautiful view of the Kunětická hill with a medieval castle atop which is about a kilometer away from the course. The course is surrounded by the greenery of the forests which perfectly isolate the players from the noises of two hectic cities, Hradec Králové and Pardubice. Thanks to its location the course is easily accessible not only from the nearby cities but also from Prague and its international airport.
