GOLF ADVENTURE IN ICELAND

Playing golf in Iceland is an adventure you'll remember for a lifetime. Do you think playing golf at midnight surrounded by lava fields sounds too strange to be true? Not in Iceland! Midnight golf is available in the summer due to Iceland's northerly location, and one-tenth of Iceland's surface is adorned with lava. Sweeping mountains and majestic ocean views characterise Icelandic golf courses, which follow the contours of the naturally dramatic landscape, a popular trend in golf course design today. Their design pays tribute to the first golf courses in Scotland - the home of golf.

Icelanders tend to be golf crazy! Golf is very popular in Iceland and is the second most popular sport on the Island in the North. There are 65 golf courses throughout the country whereas 17 of them are 18 hole golf courses and 50 are 9 hole golf course, all of them are available to visitors, however booking tee times in advance is necessary. In the Greater Reykjavik area there are 10 golf courses whereas 5 of them are 18 hole courses and 5 are 9 hole courses.

If you want to try something truly special
- **Golf in Iceland is an experience you'll cherish for a lifetime.**
